

Association of Exploration Geophysicists

ANNOUNCEMENT

**36th Annual Convention and Seminar on Exploration Geophysics
16–18 October, 2014, Hyderabad, India.**

The 36th Annual Convention and Seminar on Exploration Geophysics organized by **Association of Exploration Geophysicists** will be held from **16-18 October, 2014 at Hyderabad, India**. Various National Organisations, Government departments and Private agencies engaged in diverse geoscientific activities will participate and sponsor the seminar. The programmes scheduled for the seminar includes oral and poster presentations on various themes related to recent exploration techniques in geophysics and emerging trends in advanced processing and interpretation of geoscientific data. The seminar is expected to attract a number of renowned geoscientists from India and abroad who will be presenting technical papers on the state of art practices in geosciences. This seminar will be of immense value to professional geoscientists, industrial planners, investors, engineering geologists and research scholars of geosciences. The delegates of the seminar will get an opportunity to share a comprehensive review of the geophysical, geological, engineering and educational challenges. The seminar serves as a unique interdisciplinary platform for the delegates to enjoy a broad spectrum of geology, geophysics and related technologies in the technical sessions, poster sessions and exhibition.

Themes:

- **Deep Imaging – Petroleum and Mineral Resources**
- **Geophysical Exploration for Hydrocarbons**
- **Geophysical Exploration for Minerals including Coal and Atomic Minerals**
- **Airborne Geophysical Surveying**
- **Near Surface Geophysics –Engineering and Environmental Studies**
- **Geophysics in Groundwater and Hydrology**
- **Advanced Modelling, Inversion and Interpretation of Geophysical Data**
- **Integration of Geosciences and Future Trends and Technologies**

Special Theme: Advanced Geophysical Techniques in the Exploration of Deep Seated Resources

Papers are invited from the participating delegates as per the guidelines of Journal of Geophysics. Leading senior scientists of various national organizations have been identified as convenors for various themes. Authors are requested to indicate the most suitable theme under which their paper should be evaluated by the convenors/referees. The number of papers for the seminar is restricted to 50 Oral presentations. Authors are requested to send the **Abstracts by 15th July, 2014** and **full paper before 31st August, 2014. Only those papers which are received before 31st August, 2014 will be considered** for presentation in the seminar. Original scientific contributions are encouraged and invited. Authors are requested to send the text of the abstract in MS Word by email to aegindiageophysics@yahoo.com. Communication regarding acceptance of the papers for oral/poster presentation will be sent to the authors before **15th September, 2014.**

Exhibition

An exposition highlighting state of the art techniques, geophysical and allied instruments, service and products of national and international vendors and geoscience software will be organised during the seminar. The exhibition will enable the delegates to gain a comprehensive overview of the products and services available as well as an opportunity to discuss the latest developments with representatives from the major companies serving the needs of the exploration industry. Exhibits are expected to span all the sectors of the exploration industry – petroleum, minerals, coal, groundwater, engineering and environment. A wide range of publications of AEG and other institutions will also be exhibited. Further details can be obtained from the AEG office. There will be a Best Exhibitor Award which will be decided by an expert panel.
